EDUCATION

University of Southern California

Los Angeles, CA

Bachelor of Science in Mechanical Engineering; Minor in Business Finance

May 2027

Honors: Presidential Scholar (Half-Tuition Merit Scholarship), Dean's List (Fall 2023 – Present)

GPA: 3.8

FOUNDER & BUILDING

ACME Capital & Silicon Foundry

San Francisco, CA

Venture Builder

March 2026 – Present

- Working directly with Scott Stanford to build a stealth AI startup from inception
- Built CRM integrations, multi-source data ingestion, and automated intelligence pipelines using Claude Code and Python
- Designed a two-sided go-to-market strategy spanning 200+ target companies ahead of the venture's commercial launch

Stealth Startup

Singapore

Solo Founder

February 2026 – Present

- Building a consumer marketplace end-to-end, solo, with AI-native tooling (Next.js, Expo, Supabase, and Claude Code)
- Engaged 20 operating partners for launch and built a curated-access model targeting a \$4B+ regional consumer market
- Own the full stack solo - product, engineering, design, and go-to-market - from architecture through live user testing

Adaptive Security

Los Angeles

GTM Intern

May 2026 – August 2026

- Own RevOps end-to-end at an AI security startup: Salesforce operations, lead routing, and internal workflow automation
- Built Claude-to-Salesforce automation pipelines that lifted write accuracy ~30% and saved the team 1-2 hours daily
- Automated record-merge deduplication, fixed Chili Piper routing errors, and took over a stalled marketing campaign

INVESTING & VENTURE

Draper Associates

Los Angeles, CA

Venture Scout

December 2023 – December 2025

- Sole SoCal scout sourcing and evaluating 30+ early-stage startups across deep tech, aerospace, drones, climate, and AI
- Conducted first-pass diligence: founder conversations, product deep-dives, competitive mapping, and feasibility analysis
- Evaluated technical defensibility, founder quality, market timing, and go-to-market risk across deep-tech investments
- Wrote concise investment summaries - thesis, key risks, open questions, and pitched high-conviction deals to partners

Bain Capital

Mumbai, India

Technical Analyst Intern

June 2024 – August 2024

- Sole undergraduate intern on the Bain Capital India aerospace and advanced-manufacturing deal team (\$1.5B AUM)
- On the live deal team for a \$100M+ transaction that was subsequently acquired; ran diligence on 5+ companies
- Built investment memos covering market, competition, key risks - outputs used by senior leadership in final deal decisions

Ernst & Young (EY)

Singapore

Business & Technology Consulting Intern

May 2025 – August 2025

- Only intern working directly with partners on a 45-person team delivering a \$10M Singapore Government contract renewal
- Supported live tender repricing and scope negotiation; contributed materials used in the contract renewal discussions
- Owned budgetary drafting estimations up to S\$10M and the review of legal contract terms for the government engagement
